— RED ANGUS AND ANGUS

— HERMAN, NE

ANNUAL BULL SALE // APRIL 7, 2026

OPEN HOUSE APRIL 4, 11-5 PM | BIDDING CLOSES TUESDAY, APRIL 7

Offering:
RED ANGUS AND ANGUS
YEARLING BULLS

Welcome to

D&D CATTLE COMPANY'S ANNUAL PRODUCTION SALE!

What an unbelievable time to be in the cattle business! The American rancher is resilient and determined, and anyone still in this industry today is truly a survivor. Through market swings, weather challenges, and rising costs, cattlemen continue to adapt, improve, and move forward. That perseverance and dedication are what make this industry so strong.

Like always, raising functional, performance-driven cattle that work for commercial cattlemen has always been our top priority. Each bull in this offering has been developed with longevity, structural soundness, and real-world performance in mind.

Our goal has always been simple: produce cattle that add value to our customers' operations. The bulls selling here represent generations of careful selection for calving ease, growth, maternal strength, and carcass merit. Just as importantly, they are backed by cattle that thrive in practical, working environments. The bulls in this catalog come from cows that have proven their ability to do exactly that.

Bull Price vs. Calf Value - An Investment, Not an Expense

Bull sale season has been strong, and it's natural for producers to focus on the price tag. But the more important conversation is about return on investment. The right genetics continue to generate value long after the sale is over.

*Cow-calf data from CattleFax shows a clear pattern: as producers invest in higher-quality bulls, calf value increases. On average, each step up in bull purchase price translates to about **\$85 more per calf**. If a bull sires 75 calves over three years, that equals roughly **\$6,375 in added value** - not just covering the cost of the bull, but contributing to long-term profitability.*

Better genetics mean calves that grow faster, perform stronger, and attract greater demand in the marketplace.

*At the end of the day, the right bull isn't simply an expense. It's a **genetic investment** that continues paying dividends long after sale day.*

If you're a long time customer or are viewing our program for the first time, we thank you for your interest in our genetics, and hope you find bulls will fit your operation's breeding goals.

From conception to consumption we got ya covered.

*Thank you for considering our program,
D&D Cattle Crew*

D&D CATTLE CO.

RED ANGUS AND ANGUS

HERMAN, NE

ANNUAL BULL SALE // APRIL 7, 2026

OPEN HOUSE APRIL 4, 11-5 PM | BIDDING CLOSSES TUESDAY, APRIL 7

CONTACTS

Dan Braesch (402) 616-9448
 Pat Kroese, Big Iron Rep (402) 741-2452
 Garrett Long, Big Iron Rep (402) 957-7906
 Michaela Mann (402) 237-1489
 Courtney Sukalski (507) 236-9871

BREEDING GUARANTEE

All bulls selling have been semen evaluated, scrotal measured, and have passed a breeding soundness exam in accordance with recommendations of the AAA and RAAA. All bulls selling for \$5,000 or more are guaranteed against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bull. If there is a reproductive problem a replacement bull will be provided if available, or a credit equal to the animal's purchase price minus salvage value will be issued. The guarantee does not cover illness, mismanagement, neglect, or mortality to the animal. All claims must be made by September 15, 2026. Buyer must notify us as soon as possible should injury occur, and prior to the injured bull being sold for salvage so that inspection of the animal may take place. A veterinarian inspection may be required. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control.

All bulls will have passed a breeding soundness exam in March 2026. We recommend that all bulls be tested 4 to 6 weeks prior to your breeding season. Our guarantee will require that the bull weigh the same or more than when we did the breeding soundness exam.

We strongly encourage you to take insurance on your purchase.

DELIVERY

Arrangements shall be made for pickup or delivery by April 15th. Bulls will be delivered prior to April 15th or must be picked up prior to that date. Bulls kept longer will be charged \$4.00 per day for feed. Free delivery of bulls within 150 miles of Herman, beyond that delivery is at cost.

HERD HEALTH

We take herd health seriously - all cattle are on a complete vaccination and mineral program. Cattle will be accompanied by a proper health certificate for immediate shipment.

EPDs

EPDs included in the catalog are based on the Spring 2026 American Angus Association and Red Angus Association of America Sire Evaluation Reports. EPDs are current as of 2/24/2026. EPD's highlighted in yellow are an indication of traits in the top 30% of the breed.

SIGHT UNSEEN PURCHASES

If you are not able to attend our open house and interested in bidding or buying, we can purchase cattle on order for you. Please call in advance so we can visit with you about the animals and your needs.

SEMEN INTEREST

We are retaining 1/2 semen interest on all bulls sold.

SALE FORMAT

We suggest attending our Open House on April 4th to view bulls in person. The bulls will be sorted and penned for easy viewing. Videos and pictures are available on our website www.DandDcattle.com.

Bulls will be sold online at www.BigIron.com.

We suggest making a watch list of ALL BULLS interested in and reviewing sale procedures on Big Iron prior to sale day.

The sale closes on Tuesday, April 4th at 1:00 pm. If you have additional questions on set-up, contact the BigIron Customer Service Team at (800) 937-3558. If you have any questions regarding the sale day bidding, you can call Pat Kroese, Big Iron Representative, at (402) 741-2452; Garrett Long, Big Iron Representative, at (402) 957-7906; or Dan at (402) 616-9448.

ANNOUNCEMENTS

A supplement sheet will be available sale day with up to date information. All announcements/changes made and listed on the supplement sheet take precedence over this sale book.

*We suggest making a watch list of **ALL BULLS** interested in and reviewing sale procedures on Big Iron prior to sale day.*

- 51N represents the gold standard of the D&D Cattle program. This eye-catching, smooth-made bull offers the extra rib and length of body required to excel in today's beef industry. His pedigree is anchored by a premier bull-maker from our most trusted foundation lines, proving once again that a great bull starts with a superior cow. Beyond his phenotype, 51N is a true curve-bender, ranking in the Top 15% for CED for calving ease, while maintaining explosive growth in the Top 20% for WW and Top 15% for YW.

BLUE COLLAR SONS

A powerhouse set of Blue Collar sons that are built to last. These bulls offer the elusive combination of heavy muscle, attractive lines, and proven calving ease. They are high-volume, easy-fleshing individuals that have impressed us since day one. If you want to add mass and eye appeal to your next calf crop, start here.

- A standout son of the breed-leading Bieber Jumpstart, this bull brings the same explosive growth and sheer mass that made his sire a \$185,000 sensation. He is an absolute "power bull" with massive depth of rib, a thick top, and significant muscle expression throughout. If you are looking to add pounds to your weaning and yearling weights without sacrificing eye appeal and maternal characteristics, this bull is the answer. He stands on excellent feet and legs with the same rugged, masculine look of his sire.

D&D MISS TIMES E710, dam of 51N, who is a matriarch in the making. She exhibits the deep-bodied volume and capacity required for long-term productivity.

JUMPSTART SONS

High-performing prospects that balances phenotype with paperwork. These Jumpstart sons combine top-notch muscle with an impressive genetic profile, check out their ProS, GM, WW, and YW EPD, offering true predictability at the ranch.

GUARANTEE SONS

This sire group represents a 'total package' for the progressive cattleman, combining reliable calving ease with the maternal horsepower needed to build a long-lasting female base. These bulls aren't just top-notch; they are the right direction for any operation prioritizing efficiency and longevity. These bulls can produce calves that come easy and sire heifers that stay! With a set of EPDs like this, they have you covered.

SPARTACUS SONS

Sired by the legendary Spartacus, these two bulls are more than just calving ease specialists. They offer the structural integrity and stylish profile needed to produce front-pasture replacement heifers without sacrificing an ounce of performance.

513N, 514N

515N

BLUE COLLAR SONS

Rare is the bull that looks this stout and still maintains an elite calving ease profile. These two Stockyard sons are designed for the producer who needs versatile genetics. They are smooth-shouldered and clean-fronted for easy delivery, yet they possess the massive hindquarters and natural thickness to sire market-topping steers. A premier choice for building a high-quality replacement heifer crop.
